

# Rectangle Table Seating Guide

## 140cm - 200cm

Berrydesign's exciting Rectangular Dining Tables are designed with a choice of either fixed or extending table tops to suit your requirements. By choosing an extending dining table you can quickly and easily maximise your dining space seamlessly. Our innovative "butterfly" table extensions give you space for up to 4 more guests with just the gentlest of touches, and is beautifully hidden within the underframe of your dining table.

Available designs: Clifton, Bolt, Apex, Brunel, Vision, Slab, Sabre

Most of our four legged extending dining tables have been designed to extend from the ends outwards. This frees up leg space under the dining table by ensuring that the table legs are always positioned at the corners, no matter how long the table is.

Available designs: Home Square, Air, Infinity and Entertainer

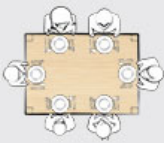

In order to seat 6 people we would recommend a table length of 180cm upwards.

Most of our extension flaps are 55cm, which seats two extra people, so two extension flaps would seat 4 extra people. See each table design's product page for exact specification.

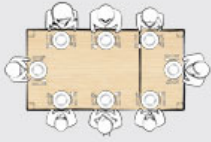

Please find below our recommended seating plan for different table sizes. Plan based upon a minimum of 55cm spacing per person.

**140cm Table Length (closed)**  
Place setting 55cm (minimum)

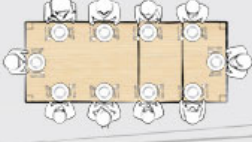

**6 People**  
140cm

**8 People**  
140cm (195cm)
