

Rectangle Table Seating Guide

220cm - 260cm

For sublime entertaining, Berrydesign's extending tables are unrivalled in quality and distinctive design. By using our innovative "butterfly" extension mechanism cleverly concealed within the underframe of your dining table you can seat up to 8 people when closed (i.e. without using the extension flap) then seamlessly extend your table to seat up to 18 guests in minutes.

Table designs: Clifton, Bolt, Apex, Brunel, Vision, Slab, Sabre

Most of our four legged extendable dining tables extend from the ends outwards. This means that the table legs are always positioned at the corners, no matter how long the table is. This maximises the available space between the legs.

Table designs: Home Square, Air, Infinity and Entertainer

For maximum leg space choose one of our stunning and magnificent rectangular pedestal tables.

Table designs: Middleton, Regent, Brompton, Downton, Ashhurst,

Most of our extension flaps are 55cm which seats two extra people, so two extension flaps would seat 4 extra people. See each table design's product page for exact specification.

Please find below our recommended seating plan for different table sizes. Plan based upon a minimum of 55cm spacing per person.
