

# Extending Dining Table Seating Guide

## Inset Legs

(220cm - 280cm)

Berrydesign's stunning large extending dining tables will undoubtedly impress your guests and become the centrepiece of your dining room for generations. Our hand-made extending mechanisms are incredibly strong and allow our dining tables to seamlessly adapt from a closed table to an extended table with the greatest of ease. You will be delighted at how quickly and smoothly such a large dining table can extend within just seconds.

Our table designs made with inset legs offer a wide range of seating arrangements around your dining table. With no legs in the corners, it is possible to slide either benches or chairs under these tables so easily. These table designs feature table tops, which seem to "float" above their inset slim steel leg plates. We designed the architectural U-shaped legs to cleverly open up the visual space. They have been made so that the people seated at the ends of the table are able to fully stretch out their legs.

Table designs: Clifton, Bolt, Apex, Brunel, and Lulworth

Most of our extension flaps are 55cm, which seat two extra people; so two extension flaps would seat four extra people. See each of our dining table design's product pages for further details and exact dimensions and specification.

Please find below our recommended seating plan for different table sizes. Plan based upon a minimum of 55cm spacing per person.

**220cm Table Length (closed)**  
Place setting 55cm (minimum)

**8 People**  
220cm

**10 People**  
220cm (275cm)

**12 People**  
220cm (275/330cm)

**14 People**  
220cm (270/320/370cm)

**260cm Table Length (closed)**  
Place setting 55cm (minimum)

**8 People**  
260cm

**12 People**  
260cm (315cm)

**14 People**
